GUESS WHAT?

IOCA NEWS
NOVEMBER 1974 I CAN'T TYPE

Hello again. (still?)

This here newsletter is being sent out with the October News (or versa-vice) because the News is now being bulk mailed, and I had to wait for a while to get things set up. Haven't got much in the way of news this month. . . I still don't have my hat, and I guess that's my fault, 'cause I couldn't make it to Fall Lake George. Speaking of FLG, I hear that things were kind of rough, gales and white-out during the square dance, etc. I also hear there was some problem with the transportation, with some danger of people hypothermiating as a result.

Fall Seneca came off fine, apart from being a bit chilly. BROCA is now charging \$1.50 dues, and so far Eric has got \$3.00. Which will go towards paying for the \$20 he spent renting the generator for the square dance and the \$?.?? for the BROCA News.

In other developments, Ellis Lader (past Exec-Sec) wants me to make a public announcement. Lauren is his sister and not his wife. and he isn't planning on getting married soon, either. (Fair warning, girls.)

About the IOCA Movie. . . . it is available, from Milt fabert, the film chairman. The film is great for creating instant IOCA's at your meetings. And it doesn't cost but \$5.00. Half of the fun is trying to get the picture and the sound co-ordinated. I'd also like to get some more films for the Film Chairman to keep available for IOCA Clubs. (Movies are great for spicing up meetings, and every club can afford IOCA prices.) We should get a copy of Lloyd's Sumner's film 'Gung-ho' and a copy of another film made several years ago at UVAOC. If anyone knows anything about this last film, please write me.

P.S. Flash Gordon (Madison O C) has reminded me to make public that I am not the true Exec-Sec. His dog, Buck-wheat is.

BEING A LIST OF CLUBS OF WHICH ALL HAVE RETURNED THEIR INFORMATION FORMS. As far as I can tell, these are the only ~~clubs~~ IOCA Clubs that now exist. If your club isn't on this list, I need to know your correct mailing address, the president's name, address and phone, number of members and other relevant, impertinent inphormaicionn.

this space is devoted to weird things people sent me on their info forms.

'True Gorp is in reality a daytime soap-box opera' -NC St.
'Affiliations sounds obscene' -Rutgers. They also offered to trade me the recipe for true gorp in exchange for their flag. ha. ha. They also sent me a twopage analysis of gorp.

Other last minute notices:

Ellis Lader (3410-G Paul Ave, Bronx, NY 10468) is still MIOCA Exec-Sec.

Speaking of what, I'd like all IOCA Regions to send me names, addresses and phone numbers of the officers, I have a sneaking suspicion that some regions have no officers. If I don't get anything by Dec., I'll assume that there are, in fact, no leadership → for these regions, and hopefully they can be renovated. IOCA is sobig, these days, that the only way things can be kept going is through the regions. So far, I have received definite info from BROCA and IOCA-West, and I know that MIOCA is active, even though they haven't sent me anything. I've been talking with Bill Rollins at Purdue, and he's doing his best to get the Nether Region rolling again. Well, so much for this month. . . I'm running out of space, and I'm running out of time. My class starts in 35 minutes and I still haven't done the homework for it. GAK. AND I AM VERY FRUSTRATED BECAUSE THE EXCLAMATION POINT KEY BROKE OFF AND THE OTHER WAY LOOKS STUPID!!!!!!!
